To the Alchemy Crew (specifically Waverley - sorry if I've spelt that COMPLETELY wrong!, Brad & Tristan)

Thanks again for a great night this week crew! We were sure to tell the Sandvik group that visited your restaurant on the Tuesday evening exactly what they missed out on with your, was it - nitrogenous, gastronomic nibbles??!

Brad - Your food is awesome and the 'cooking' in liquid nitrogen certainly packs an added 'wow factor' punch to your restaurant.

Tristan - Your tour through the wine cellar and detailed explanations on the plates and restaurant library was a very personalised touch to a wonderful evening out. - And your cocktails rock!

Waverley - you are a true credit to Alchemy and were the initial reason our group decided to dine at the restaurant. Keep smiling and doing what you do, because you do it so well! We all hope you enjoy the book and continue to have an amazing impact on your customers.

Attached are just a couple of the snap shots that we took on our adventure to Alchemy. This will not be the last time any of us dine at your restaurant!

From the (better) Wednesday night Sandvik group!

cheers,

Kathryn Brown

Subject: Wonderful experience

To the management,

I would like to pass on my thanks for a wonderful dining experience on Friday the 12th of December. It was my wedding anniversary and your restaurant was chosen on the word of other diners who had praised it highly. As much as the food was a culinary highlight, I and my wife would be remiss if we did not pass on our appreciation for the table staff who looked after us that night, in particular Edward. He was a class above anyone we have experienced recently and it is thanks to him that we will remember your restaurant for many years to come.

Regards

Allan and Deb Blakley

Subject: Feedback

Hi

I would like to give you some feedback following dining with you on Saturday evening.

The background to this is that it was my 50th birthday - and that a booking was made at another Brisbane restaurant some time in advance of the event, and confirmed on the Monday prior to the reservation. Interestingly, however, on the Thursday (2 days prior to the booking) the restaurant phoned to say that they were cancelling our booking as they had booked out the entire restaurant for a private function.

I should at this stage mention that turning 50 was somewhat traumatic for me (yes, a diva to the core) and I was willing to cancel the occasion completely. However my lovely (and, long suffering, at this stage) husband recalled we had dined with you on another occasion and had a lovely evening, so decided to give you a call. The result of this call was that you managed to fit in a party of 9 with short notice and we had one of the best nights out that we have ever had, so I would just like to thank you and all the staff who we met on Saturday evening at your restaurant. It was a brilliant experience and we all had a fantastic time, and everyone at the restaurant managed to turn what could have been a very negative experience into a real highlight, the memory of which I will cherish for a long time to come.

Thank you again.

Best regards
Michelle Hack JP(Qual), CMC

I wanted to let you know that we had a sensational meal last night at your restaurant.

I do not usually send a thank you, however given the exceptional service (from Edward) and the 5 star quality of the meal, I felt it appropriate to advise you of this.

Thanks for a wonderful experience,

Regards,

Marcus
